DIGITAL FUTURES INSTITUTE

Building the future of learning

DFI Collaborations

In addition to strengthening our digital support services for the TC community, DFI also continues to develop a research agenda to pursue pressing questions about digital futures and society. Each month you'll hear more about our ongoing research collaborations and research-related workshops DFI will be hosting.

Environment and Sustainability

International Workshop on Environment, Sustainability, and Education

March 16, 9AM | Zoom

TC's Center for Sustainable Futures is co-hosting a webinar series titled International Workshop on Environment, Sustainability, and Education. The series includes a monthly meeting that is open FOR FREE to the public. The next session is on March 16, 2022.

DFI Upcoming Workshops

EndNote X9 Workshop

March 8, 5 - 7PM | Hybrid

Creating the bibliography is often the most tedious part of writing a research paper. Using EndNote, a bibliographic management software program, this task just became much easier. In this workshop learn: how to create an EndNote Library, how to download results from a literature search into EndNote, and how to organize your EndNote Library and much more. Please bring your own computer with EndNote installed.

Intro to Qualtrics Workshop

Qualtrics is a powerful yet easy-to-use online survey tool that is free for all TC students, faculty and staff. In this workshop, you will log into Qualtrics, review the different question types, add logic to a survey, review the different methods for distributing surveys, and downloading survey results. Please bring your own computer.
